Reading and Writing

Week 4 English

- [Activity 1](#) Grocery Shopping List
After reading a book about preparing a meal or food, you and your child will create a grocery shopping list of ingredients to make the same or similar dish. By brainstorming and dictating a list, your child will see you model writing, may practice writing himself, and will become more aware of writing for meaningful purposes.
- [Activity 2](#) Guess the Word
Your child will try to guess simple words that you say in parts. This blending of sounds is a pre-reading skill.
- [Activity 3](#) Hey Diddle Diddle
Your child will learn and act out a popular nursery rhyme that teaches spatial concepts and positional words.

Week 4 Español

- [Activity 1](#) Lista de Compras
Al intercambiar ideas y dictar una lista, su hijo podrá ver como es que usted escribe, podrá practicar la escritura por sí mismo y será más consciente de la escritura con fines significativos..
- [Activity 2](#) Adivinemos
Los niños usarán el lenguaje y su habilidad de razonar para desarrollar pistas que describan los objetos para que otros adivinen lo que son.
- [Activity 3](#) Tirintin-tin
Su hijo/a aprenderá y representará una rima infantil popular que enseña conceptos espaciales y palabras posicionales.

Week 4 English

- [Activity 1](#) Family Fitness
Children will do exercises with their parents by choosing number and movement cards out of a pile.
- [Activity 2](#) Jump to the Number
In this activity, your child will play a game to practice identifying numbers from 0-10. Children who have mastered this skill will practice ordering numbers from 0 to 10. This kind of game helps children match the number word they hear with the written number, and helps them attend to each number individually, which can be more challenging than just rote counting aloud.
- [Activity 3](#) Let's Bake
In this activity, you and your child will bake a sweet treat together.
